REALM

LIMITED SERIES

The Foremost in Luxury Travel

FORETRAVEL
MOTORCOACH

The cutting edge design of the REALM Limited Series sets it apart from every other luxury motor coach on the market today. Rivalled only by the high-end automotive world, the REALM Limited Series exudes luxury and refinement.

Meticulously designed front grill, headlights accents and intricate fiberglass cap design

Beautifully designed caps with exceptional attention to detail & styling at every curve

Opulent interior decors, leathers, cabinets and natural quartz countertops

The Foretravel REALM Limited Series

FORE-SLIDE

The REALM Limited Series features pneumatic slide-out seals that create an airtight seal around the entire perimeter of each slide-out room, regardless of slide position. An integrated hydraulic drop-floor system provides a true flat floor when the slides are extended, while also maintaining a flat floor when they are retracted. You won't find interior carpet lips, exterior silicone beads, exposed pop rivets, visible screws, plastic moldings, or intrusive slide-out mechanisms that consume valuable storage space. Instead, every detail has been engineered to deliver exceptional fit, finish, functionality, and long-term durability. It's one more example of the uncompromising craftsmanship that defines the REALM Limited Series.

REALM Limited Series Safety far exceeds the industry norm

Just a few highlights include:

- Valor GEN 3 Tire Pressure Monitoring System
- Automatic Traction Control
- OnGuard collision mitigation system
- All-wheel disc brakes
- Steering assist system
- Haptic warning driving chair
- Mobile-Eye™
- Passive Keyless Entry (PKE) with Illuminated Handle

Welded Steel Superstructure
Engineered for lasting strength, structural integrity,
and confidence on the road.

Mobileye®

"Bird's Eye View" coach monitoring system for the absolute ultimate in coach visibility!

- Eliminates "Danger Zones" from all sides
- High resolution camera images displayed
- Easy-to-follow guidelines while backing up
- Multiple single camera views around vehicle
- Triggered single camera views around vehicle
- Toggled views for any single camera

Experience a new standard of confidence and control with an advanced multi-camera vision system designed to elevate both safety and ease of operation. Engineered to effectively eliminate blind spots—removing "danger zones" from every angle—this system delivers crisp, high-resolution camera imagery for exceptional clarity in any driving or maneuvering scenario.

Intuitive, easy-to-follow on-screen guidelines provide seamless assistance while backing, ensuring precise positioning with minimal effort. Multiple camera perspectives can be accessed at any time, offering a comprehensive view around the vehicle, while intelligently triggered camera displays respond in real time to driving conditions. For added convenience, individual camera views can also be manually selected and toggled, giving you complete visual command exactly when you need it.

WiFi Ranger multi source router paired with a Starlink dish.

Foretravel Motorcoach is excited to announce that our Patent Pending Performance Choice™ ride and handling enhancement feature that is be standard on all model year coaches is now available for aftermarket installation. The system improves ride, handling, stability and safety for different road and weather conditions and places the driver in control. In Sport mode the ride is tighter and firmer while in Touring mode it is softer and smoother. Switching between modes is as easy as pressing the driver-operated switch. This system is available for many of the variations of the Reyco Granning Independent Front Suspension Systems.

- Anti-Roll Bar (ARB): Improved roll control in lateral events such as corners, cross winds, or accident avoidance. Approximate 13% reduction in cornering roll rate.
- Two auxiliary air-spring ping tanks: Reduces spring rate, which improves ride and reduces cabin noise. Approximate 18% softer ride.
- Two tank/spring air control valves
- Custom tuned Bilstein shocks: Optimized dampers to provide excellent body control on all road conditions.
- Electronic ride control mode switch: Allows system to switch in real time between Touring and Sport modes – the driver can choose the operation mode based on driving conditions.
- 2 yr Warranty (parts and labor)
3rd yr sway bar/ping tanks parts only

FLOORPLANS

LV2

- Bath & Half with Two Master Vanities
- Double Expanding Chaise Lounge
- Queen Air Bed in Living Room
- King Bed
- Private Rear Water Closet with-in Master Bath

Livingroom with 3 Seating options available

**Manufacture's options, features, colors, floorplans, etc. are subject to change without notice. Some decorations and personal effects may be for demonstration only and not be a part of the available features list or sale price*

The **LVB** is an exceptional dual full-bath bunk floorplan, thoughtfully designed to deliver elevated comfort, versatility, and refined residential living. Premium features include a combination washer and dryer, the Aqua-Hot 600D hydronic heating system, a residential refrigerator, and a sofa with an integrated air mattress for additional sleeping accommodations. The private bunk suite provides a first-class experience for family and guests alike. Spacious bunks are appointed with individual LED televisions, Blu-ray entertainment, ambient indirect lighting, dedicated climate controls, personal charging stations, and a host of additional premium amenities. The rear master suite offers a spacious residential-style shower, creating a private retreat that is both functional and luxurious.

LIMITED SERIES • LUXURY VILLA BUNK

Featured in Apex Color Package

The **LV2** redefines luxury in a bath-and-a-half floorplan, blending sophisticated design with elevated functionality. The modular living room offers the flexibility to match your lifestyle with a sofa featuring motorized end recliners, a sofa with dual chaise lounges, or premium theater-style seating. Enjoy a power-lift LED TV in the living area, along with the comfort and versatility of an extendable sofa and the convenience of a stacked washer and dryer. The private master suite is a true retreat, featuring a dedicated water closet, dual vanities, an expansive wardrobe, and a spa-inspired shower with multiple body jets. A power-lift LED TV in the bedroom provides the perfect finishing touch to this exceptional living experience.

THE REBIRTH OF A LUXURY ICON

The REALM FL605 marks a bold new chapter for Foretravel Motorcoach and Freightliner Custom Chassis Corp., bringing together two industry leaders to reimagine a luxury Class A coach. Revealed at the 2026 Florida RV SuperShow, the REALM FL605 is built from the ground up to deliver exceptional ride quality, handling stability, and long-term durability while preserving the craftsmanship and

ENGINEERING THAT SETS NEW STANDARD

Developed through a multi-year collaboration, the REALM FL605 introduces a hybrid chassis architecture that blends FCCC's XCM modular chassis with Foretravel's exclusive ForeTruss FL chassis bridge. Power comes from the Cummins X15 engine, producing 605 horsepower at 1800 RPM, paired with the Allison 4000 MH automatic transmission. Together, they are engineered for performance today and ownership confidence for years to come.

POWERED BY FCCC 5-STAR FEATURES

The REALM FL605 comes standard with FCCC's proven 5-Star driving features, including V-Ride® rear suspension, UltraSteer® fully integrated tag axle steering, the OptiView™ all-digital gauge display, and FCCC's 24/7 Direct Infinite Support—engineered to deliver an exceptional

ADVANCED CHASSIS TECHNOLOGIES

20,000 LB. TOWING CAPACITY

Freightliner's SL chassis comes standard with the Cummins 605HP including 1,950 lb.-ft. of torque—capable of generating the horsepower and torque needed to tow up to 20,000 lbs.

DRIVETECH™ ADVANCED DISPLAY AND CONTROL SYSTEM

DriveTech's ergonomic steering wheel and column-mounted controls eliminate the need to reach for every command, enabling you to keep your head up and your hands on the wheel. This is the only driving system in the industry that places transmission controls at your fingertips.

ROADWATCH

ROADWATCH® SAFETY SUITE

FCCC's high-tech ACTIVE safety system features: Roll Stability, Traction Control, Collision Mitigation and Adaptive Cruise Control. RoadWatch is fully integrated with OptiView, FCCC's exclusive digital gauge display.

BRAKE & SYNC

BRAKESYNC

BrakeSync is a fully integrated air supply for tow vehicles, developed exclusively for the RV industry; factory-installed and factory-warranted.

INDEPENDENT FRONT SUSPENSION WITH V-RIDE SUSPENSION

The SL chassis features an independent front suspension for sharper turning and better handling. The V-Ride rear suspension is rated at 20,000 lbs., increasing luxury amenity and cargo capacity while greatly reducing body roll.

5 YEAR/100,000 MILE WARRANTY

The SL FCCC chassis comes with an industry-leading 5-year/100,000 mile warranty—a higher standard of coverage and confidence.

FORETRUSS FL CHASSIS BRIDGE

Exclusive to the LIMITED SERIES REALM FL605, the ForeTruss FL chassis bridge integrates with FCCC's modular platform to increase structural rigidity, optimize weight distribution, and expands usable storage—delivering Foretravel-grade ride quality with FCCC-backed performance.

MY 24/7 DIRECT

FCCC is the only RV chassis manufacturer to offer 24/7/365 factory-direct support. The My 24/7 Direct app provides instant information and assistance, all in one place.
